

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole Group is an energetic, global company offering comprehensive sustainability solutions and services. With offices spanning all six continents, we strive to create a sustainable society and economy that positively impacts our climate, ecosystems and communities. With our solutions we inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

IT Skilled Accountant / Controller (80-100%) based in Bangkok or London

With offices spanning all around the globe, this position in the Global Accounting team is full of exciting challenges. In this role you are in constant contact with the senior management of the company and all our offices. In the midterm, you will be building up a local team to support global accounting/controlling tasks. In this role you will be directly reporting to the Director Central Functions at our headquarters in Zurich.

Tasks and responsibilities

- Coordinate monthly reporting of the group's companies
- Review and quality check of reported financials
- Coordinate with senior management to drive the overall revenue and cost controlling
- Work closely with headquarters to maintain and further advance strong processes to support timely reporting
- Design the financial systems strategy to ensure dynamic, scalable and sustainable solutions
- Lead the implementation of your own projects in line with the strategic plan and key business initiatives. Evaluate business requirements and provide comprehensive solutions
- Identify and drive initiatives to further leverage financial systems, streamline process flows and create systematic methods for efficient data processing, reporting and analysis of past history, current positions and predictive future performance
- Support local accountants on the group financial guidance
- Additional responsibilities as identified

Your profile

- Bachelor's degree in Accounting/Controlling/Finance or equivalent education is a must; additional degree in information systems is a plus
- 5+ years experience in diverse international accounting, finance and information systems
- High-energy, flexible and responsive work style; ability to work in a fast-paced environment
- Must have the ability to work independently full time in an office environment outside headquarters
- Fluent in English
- Excellent IT skills
- Strong analytical and problem solving skills
- Solid organisational skills and attention to detail
- Very good conceptual and process design skills

We offer

- Be part of a growing and multicultural company with a real purpose
- Possibility of entering into an unlimited contract
- Excellent team spirit; work with dedicated and enthusiastic people
