

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. With offices spanning all six continents, we strive to create a sustainable society and economy that positively impacts our climate, ecosystems and communities. With our solutions we inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Intern New Environmental Markets Research (40-80%) based in Amsterdam, the Netherlands

In this 6 month internship, you will play an important role in supporting the Portfolio Management and Key Account Management teams by researching new opportunities in environmental markets in different countries around the world. If you are an enthusiastic and dynamic person with relevant academic background and passionate to contribute to the fight against climate change, then we are looking for you!

Tasks and responsibilities

- Work closely with various teams to research potential new opportunities in environmental markets around the globe
- Support the Portfolio Management team by developing new products for customers and organise updates for team members
- Understand environmental markets, gather market intelligence and identify industry trends
- Gather and distribute industry reports
- Coordinate the research process in terms of content and timeline

Your profile

- University degree in Business Administration, Economics, Environmental Science or related disciplines
- Excellent written and oral command of English is a must. Dutch and/or additional language skills is considered a strong plus
- Ability to work autonomously as well as within a larger team
- Excellent communication skills
- Passion for climate change, sustainability and environmental topics
- National, or holder of a valid required work visa in the Netherlands

We offer

- Work in a growing global company with a real commitment to sustainability and fighting climate change
- Excellent team spirit, work with a dedicated and enthusiastic international team around the globe
- Remuneration according to your level of studies
- Chance to take on additional tasks and potentially a full-time employment contract, dependent on business opportunities and individual performance during the internship
