

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. With offices spanning all six continents, we strive to create a sustainable society and economy that positively impacts our climate, ecosystems and communities. With our solutions we inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Junior Project Manager (100%) based in Beijing, China

South Pole develops high quality emission reduction projects under reputed carbon standards such as the CDM, VCS and the Gold Standard. The projects are typically developed in renewable energy, waste management, energy efficiency and fuel switch sectors leading to issuance of carbon credits. As a Junior Project Manager, you will support Project Managers in the preparation of documents and gathering information, relevant for our projects' success.

Tasks and responsibilities

- Support project managers on complicated tasks.
- Draft project design and monitoring reports as per different standards.
- Perform project site auditing when needed
- Follow Chinese carbon and renewable energy market development

Your profile

- A Bachelor's degree or higher, ideally in Environmental Sciences, Energy, Economics or sustainability-related disciplines
- At least 1-3 years of relevant work experience for Bachelor degree holders. At least internship experience for Master degree holders.
- GPA shall be above 85/100, or lower is acceptable with good research, community work records etc
- Native Chinese Mandarin speaker or equivalent. Good oral and written command of English is a must.
- Knowledge of carbon products and markets would be strong plus, preferably including one or more of the following:
 - o project-based carbon standards, technologies and project development processes, eg CCER, CDM, GS or VCS
 - o global carbon reporting standards (e.g. CDP, GHG Protocol)

We offer

- Collaboration in a challenging and exciting global company with a real purpose
- Work with highly dedicated and motivated experts of south pole group's dynamic team
- Excellent team spirit
