

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. With offices spanning all six continents, we strive to create a sustainable society and economy that positively impacts our climate, ecosystems and communities. With our solutions we inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Student Researcher (30% flexible hours, unlimited) **Zurich, Switzerland**

We are continuously growing our pipeline of companies to identify suitable financing opportunities in the cleantech sector. To support our team we are looking for a student (currently in Bachelor or Master) researcher with high IT affinity.

Tasks and responsibilities

- Implementation of existing data-driven marketing strategies using our proprietary tools and our CRM
- Coordination and implementation of data collection, data cleaning and data analysis
- Explore new scalable digital marketing methods and strategies
- Execute short preliminary screenings of cleantech companies and technologies
- Simple development work in our CRM
- Prepare and rework digital marketing campaigns

Your profile

- Currently pursuing university degree (Bachelor's or Master's) in Environmental Sciences, Finance, or other relevant field of study
- High affinity with IT tools and big data sets
- Experience in advanced Excel, web crawlers, CRMs and/or programming is a plus
- Motivation to work in the area of climate change/carbon mitigation and/or venture capital
- Good oral and written commands of English and German, Italian and/or French are an advantage
- Motivated to pursue a meaningful job in parallel to studies
- Swiss nationality or holder of a valid work permit is a must

We offer

- Work in a leading and growing global company with a real commitment to sustainability and fighting climate change
- Challenging tasks in an independent working culture
- Flexible work arrangement concerning time and place of work

Please apply
