

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. With offices spanning all six continents, we strive to create a sustainable society and economy that positively impacts our climate, ecosystems and communities. With our solutions we inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Project Manager (100%) based in Beijing, China

South Pole develops high quality emission reduction projects under reputable carbon standards such as the CDM, VCS and the Gold Standard; these projects are typically developed in Renewable Energy, Waste Management, Energy Efficiency and Fuel Switch sectors, leading to issuance of carbon credits. As a Project Manager, you will lead the development of South Pole's high quality emission reduction projects in China. If you have experience with carbon standards and are passionate about sustainability and climate change, then we are looking for you!

Tasks and responsibilities

- Develop necessary project documentation as well as monitoring systems per CDM, Gold Standard, VCS, or Chinese CCER rules and regulations
- Manage relationships with third parties and supervise the validation and verification processes, including visiting project sites in China and other regions independently
- Develop strong client relationship in the project development process and build long-term trust

Your profile

- A Bachelor's degree or higher, ideally in Economic, Energy, Environmental Sciences, or the equivalent disciplines
- At least 5 years of relevant practical experience on emission reduction project development, with good understanding of sustainable benefits for different types of projects
- Proven records of successful project experiences
- Excellent communication and interpersonal skills
- Excellent written skills and ability to write quality project documents
- Native Chinese Mandarin speaker or equivalent. Good oral and written command of English is a must.
- National, or holder of a valid work visa in host country

We offer

- Collaboration in a challenging and exciting global company with a real purpose
- Work with highly dedicated and motivated experts of South Pole's dynamic team
- Excellent team spirit

Please apply

If you are interested in joining a young and international team looking to make a difference to the world we would be happy to hear from you! Women are especially encouraged to apply. Please send your application in English directly through our [website](#). If you have any questions regarding this vacancy, please contact Ms. Tiara Anggraeni on +62 21 7207567 or on jobs@southpole.com.
