

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. With offices spanning all six continents, we strive to create a sustainable society and economy that positively impacts our climate, ecosystems and communities. With our solutions we inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Intern Carbon Pricing and Climate Policy (40-80%, 6-12 months) based in London, United Kingdom

As part of our Portfolio Management team, you will play an important role by researching and analyzing climate policies, such as Nationally Determined Contributions and related policies in different countries around the world. In addition, you will also help South Pole in researching carbon market developments globally. If you are an enthusiastic and dynamic person with relevant academic background and are passionate to contribute to the fight against climate change, then we are looking for you.

Tasks and responsibilities

- Work closely with the Portfolio Management and the Advisory teams to research and analyse climate policies, carbon pricing and related policies in different countries around the world
- Understand client needs, gather market intelligence and identify industry trends
- Coordinate the research process in terms of content and timeline
- Engage with public sector organisations on climate policy

Your profile

- University degree in Politics, Business Administration, Economics, Environmental Science or related disciplines
- Relevant work experience is valued
- Excellent written and oral command of English. Spanish and/or Korean is considered a strong plus
- Ability to work autonomously as well as within a larger team
- Excellent communication skills
- United Kingdom nationality or holder of a valid work permit is a must

We offer

- Work in a growing global company with a real commitment to sustainability and fighting climate change
- Excellent team spirit, work with a dedicated and enthusiastic international team around the globe
