

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. South Pole acts today 'for a better tomorrow'. With offices spanning all six continents, we accelerate the transition to a climate-smart society. Our vision is "Climate Action for All": We inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Consultant Sustainability Advisory Trainee/Graduate (100%) based in Bangkok, Thailand

As part of our Consultancy and Services team, you will support the Climate Finance and Policy experts by conducting research tasks related to sustainability topics such as green financing, renewable energy, energy efficiency, and sustainable cities. You will seek, organise and generate data/information and will support our team with the preparation of deliverables (reports, presentations, briefing notes, etc.) for mandates and business development products in Thai and English as required. You will also get a chance in supporting our team in preparing meetings with Thai stakeholders, undertaking tasks such as coordination, interviews, organising logistics, and preparing summary notes. This is a role with a unique opportunity to work in an international environment, are you ready for the challenge?

Tasks and responsibilities

- Execution of research tasks, including desk research, interviews and meeting with relevant stakeholders in areas related to climate finance, climate policy and renewable energy
- Supporting coordination and logistics tasks for the implementation of mandates in Thailand and Southeast Asia region
- Support in preparing project deliverables and proposals related to South Pole's sustainability topics
- Support in various business development tasks in Thailand for Climate Finance and Policy (search for potential clients, preparing for meetings, networking, etc.)

Your profile

- A university degree (just completed or in the last semester of studies) in Finance, Economics, Environmental Science, Environmental Engineering, Political Sciences, or related disciplines. A Master's degree will be an advantage
- **Excellent oral and written command of English and Thai**
- Independent and pro-active worker who is diligent and reliable
- Excellent research and analytical skills
- Fully comfortable in conducting research tasks and creating reports
- Good interpersonal skills and experience working well as part of team
- Ability to facilitate meetings and discussions would be an advantage
- Previous work experience is an advantage but not mandatory

We offer

- Work in a growing global profit for purpose company with a real commitment to sustainability and fighting climate change
- Excellent team spirit, work within a large and international team of sustainability passionate professionals
- The opportunity to work with professional experts all around the world

Please apply

If you are interested in joining a young and international team looking to make a difference to the world we would be happy to hear from you! Please send your cover letter and CV directly through our [website](#). If you have any questions regarding this vacancy, please contact us on jobs@southpole.com.
