

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. South Pole acts today 'for a better tomorrow'. With offices all around the globe, we accelerate the transition to a climate-smart society. Our vision is "Climate Action for All": We inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Greenhouse Gas Accounting Graduate (100%) based in Jakarta, Indonesia

As part of the Consultancy team, you will support and learn about the successful and efficient implementation of our projects for our clients in the Greenhouse Gas (GHG) management field. You are expected to support GHG inventories and write the associate reports for our clients.

Tasks and responsibilities

- Conduct GHG inventories for our corporate clients, including footprints for organisations, products and events
- Conduct research on GHG accounting and Climate Risks and Opportunities for Corporate related topics including emissions reduction targets, Science Based Targets (SBT), Life Cycle Assessment (LCA), etc.
- Provide support on the development and maintenance of GHG accounting tools, including updating emission factors and giving technical support for clients
- Support in writing GHG accounting reports
- Support the team with administrative tasks
- Develop proposals with the responsible key account managers and senior consulting staff

Your profile

- Advanced University degree in Environmental Science or Engineering
- Basic knowledge of GHG-accounting, carbon foot printing or LCA
- Excellent oral and written command of English is essential
- Strong analytical skills
- Excellent interpersonal and communication skills
- Good working knowledge of all Microsoft Office applications
- Diligent, reliable, and proactive and self-sufficient but collaborative approach to work
- National, or holder of a valid required work visa in host country

We offer

- Work in a growing global profit for purpose company with a real commitment to sustainability and fighting climate change
- Excellent team spirit, work within a large and international team of sustainability passionate professionals
- The opportunity to work with a culturally diverse team based around the world

Please apply
