

Certificate of Quality Assurance for Carbon Management and Offset Services

Climate Friendly

Statement from the ICROA Secretariat:

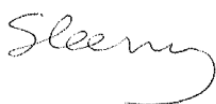

The ICROA Secretariat confirms that Climate Friendly has successfully met requirements for quality assurance and industry best practices in 2015, as set out in the ICROA Code of Best Practice for Carbon Management Services.

Climate Friendly has completed the required audit process for 2015 and has been audited by an accredited body² ClimateCHECK to demonstrate its adherence to the code.

Please see details of the code here: <https://icroa.wildapricot.org/The-ICROA-Code-of-Best-Practice>

If you have any further questions, please do not hesitate to contact henry@ieta.org.
